Planet Expat provides career-boosting opportunities in some of the most innovative dynamic companies in Latin America, Europe, the US and Asia.

We are currently hiring for the company below:

"We are an e-commerce startup founded in 2014 and based in Paris, France. We developed a website focused entirely on selling refurbished devices (those that are almost brand new but can't be sold in retail).

Our philosophy is that we seek to have a positive impact on the environment by convincing our clients that re-using repaired electronic devices helps avoid millions of tons of electronic waste every year. The company has been growing at a double-digit monthly rate and raised capital twice during 2015. We have registered an interesting growth within the French market and have been expanding into other European countries in 2016 (Italy, Germany, Spain, Belgium). "
