Years of experience :

Company description :

Planet Expat provides career-boosting opportunities in some of the most innovative dynamic startups in Latin America, Europe and the US. We are now hiring for the company below:

"We were created in September 2015 in Berlin, Germany. We are one of the fastest growing digital European start-ups, revolutionizing the handyman industry. We created an on-demand platform where our customers can get in 7 minutes a non-binding fixed price for your home improvement project.

Within less than a year, we grew to more than 60 employees. Our headquarters are based in Berlin and we have presence in 11 countries. We raised 11M Eur in two rounds of funding. We are in an expansion phase looking for brilliant people willing to help us take what we started to the next level."

"
