

# Curious, collaborative and driven? Let's chat.

[See yourself here.](#)

## **Warsaw Engineering Hackathon**

At Goldman Sachs, we believe who you are makes you better at what you do. For us, it's all about bringing together people who are curious, collaborative and have the drive to make things possible for our clients and communities.

Interested? We would love to meet you – join us for the 3rd edition of the Warsaw Engineering Hackathon, created to unite the greatest minds we haven't had the chance to meet yet.

## **Hackathon Description**

On January 19, we will meet at the top of the Warsaw Spire, one of the tallest buildings in Poland. The 2024 Hackathon will have a challenge for every mind. Choose your path:

- Engineering: for coding and software development enthusiasts
- Quant: focused on data analysis and machine learning models

The task will be announced on the day of the Hackathon. You will have 24 hours to complete the challenge in teams of 2-4 people with the help of our mentors.

Participants will have an access to:

- Fully equipped premises enabling comfortable work,
- Food, beverages, and a lounge zone to help you create,
- Appealing prizes for the winning team
- Mentoring and workshops to give you a chance to learn more.

**Application Deadline: 30 December 2023**

**Make things possible.**
